Check visa details and conditions

Overview | Check conditions online (VEVO) | See visa conditions | Conditions list

Visa Entitlement Verification Online (VEVO) allows visa holders, employers, education providers and other organisations to check visa details and conditions.

VEVO tells you:

- which visa
- the expiry date
- the must not arrive after date
- the period of stay (how long you can stay)
- conditions (what you can and can't do).

Long term residents
 People who migrated to Australia before 1990 and have not travelled out of Australia might not have a record in VEVO. You can apply to have a record created. You can then use VEVO to prove you have a permanent visa.
